

# COULD WE WITH ALL OUR STRENGTH

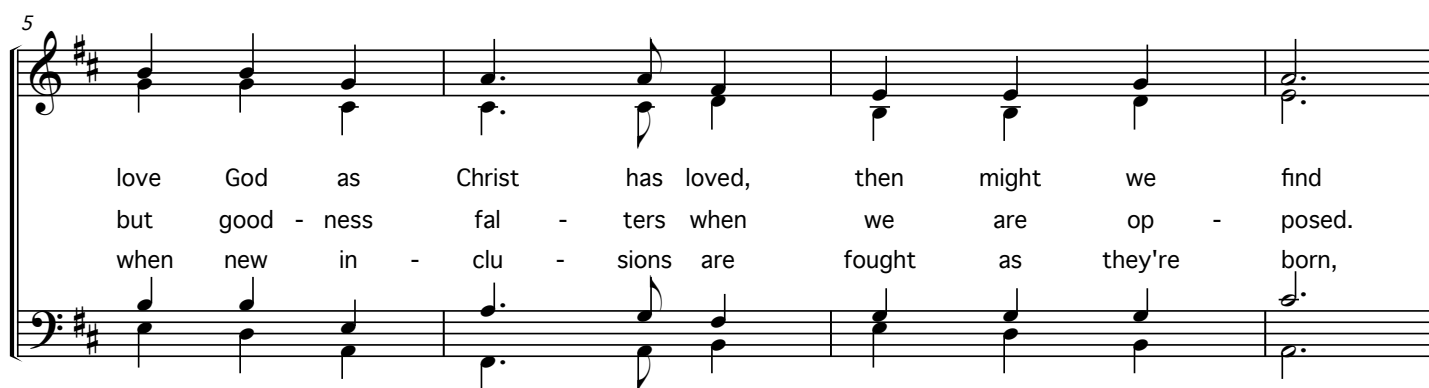

William Flanders

$\text{♩} = 96$

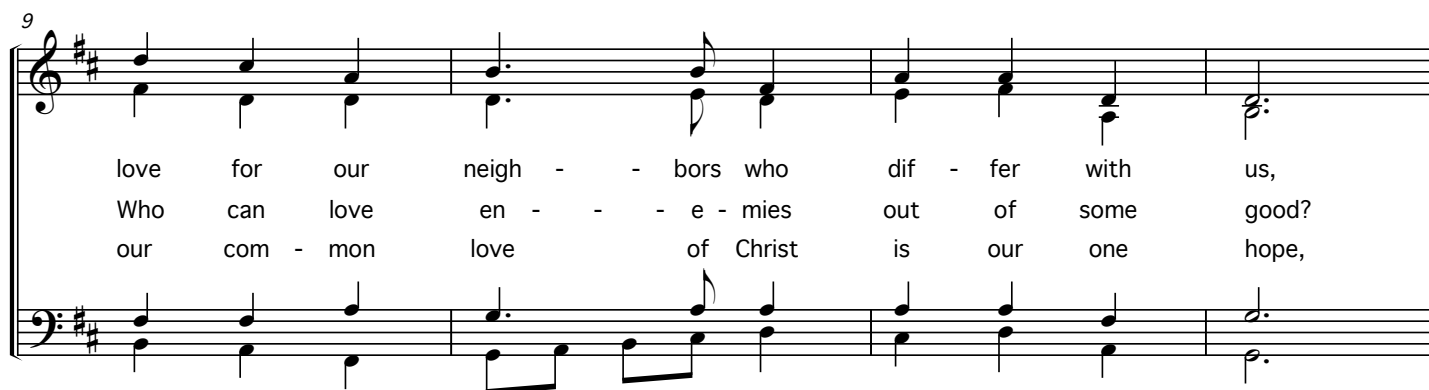

1. Could we with all our strength, heart, soul and mind  
2. Some good in every heart we may suppose,  
3. Now, when the Church is divided and torn,

5

love God as Christ has loved, then might we find  
but goodness falters when we are opposed.  
when new incursions are fought as they're born,

9

love for our neighbors who differ with us,  
Who can love enemies out of some good?  
our common love of Christ is our one hope,

13

love for our enemies, whom we don't trust.  
Love those against us, because love we should?  
Christ in our hearts, giving us fuller scope.

17
